Relationship to Patient

Rule 64B8-10.003, "Recognizing that patient access to medical records is important and necessary to assure continuity of patient care, the Board of Medicine urges physicians to provide their patients a copy of their medical records, upon request, without cost, especially when the patient is economically disadvantaged. The Board, however, also recognizes that the cost of reproducing voluminous medical records may be financially burdensome to some practitioners. Therefore, the following rule sets forth the permitted costs for the reproduction of medical records. No more than \$1.00 per page for the first 25 pages of written material \$.25 for each additional page. Reasonable costs of reproducing x-rays, and such other special kinds of records shall be the actual costs."
